

Mobile App for Blue National Doctor & Hospital Finder

The Blue Cross and Blue Shield Association is pleased to announce the launch of an **iPhone, iPad and iPod touch application** for the Blue National Doctor & Hospital Finder website. This **free app** is now available at the online Apple store at www.apple.com.

App Details

With the Blue National Doctor & Hospital Finder app, members and guests can quickly find an urgent care center or locate a contracting Blue provider. The free app allows you to perform a nationwide search for a healthcare provider by specialty and name, either as a member or guest. The app also features **GPS navigation search, map links, e-mail, SMS** and **"click-to-call,"** which allows you to dial a phone number with one tap on the phone's screen.

There is no charge to download the application, but rates from your wireless provider may apply.
